Re: Delegation of Presidential Authority

The purpose of this memorandum is to confirm the circumstances under which I have delegated authority to other officials of the Institute to act in my place. This memorandum supersedes and replaces all prior delegations. In each instance, the delegation applies to the incumbent in the named position, including an interim appointment, or any replacement position at the time of the action.

Purchasing Agreements. The authority to commit Institute funds for supplies, materials, equipment and certain contractual services has been delegated to the Purchasing Office within the limits established by the State of Georgia Department of Administrative Services ("DOAS"), State Purchasing Division. Agreements for the purchase of goods and services should be reviewed, approved and executed by Georgia Tech Purchasing.

Signature Authority. Pursuant to Section 2.6.4 and other provisions of the Policy Manual of the Board of Regents of the University System of Georgia, the President of each system institution, or the President's designee, has the authority to execute, accept, or deliver, on behalf of the Board, certain research agreements, settlement agreements, service agreements, reciprocal emergency law enforcement agreements and other agreements affecting the institution.¹ I have determined it necessary, because of the large number of proposals and contracts to be signed

¹ Note that delegated signature authority may come from other sources such as the Georgia Department of Administrative Services.

Each official exercising a delegated signature authority is expected to execute, accept or deliver only those agreements that are within the purview of the official’s position and should act with the concurrence and approval of the senior leadership of their respective unit.

I confirm the delegation of authority to execute, accept and deliver all agreements that may be executed by the President of the Institute pursuant to the Policy Manual of the Board of Regents, as now in effect or subsequently amended, to the incumbent in each of the following positions:

- Provost and Executive Vice President for Academic Affairs
- Senior Vice President for Strategic Initiatives & Chief of Staff
- Executive Vice President for Administration and Finance
- Executive Vice President for Research
- General Counsel and Vice President for Ethics and Compliance

Agreements executed pursuant to this delegation must be reviewed by the Office of the General Counsel (“OGC”) prior to execution.

Standard Agreements. I also confirm the delegation of authority to the incumbent in the following positions to execute, accept and deliver in the name of the Georgia Institute of Technology on behalf of the Board of Regents the following described agreements. All agreements must first be reviewed by the OGC before signature unless the OGC has created a template document for the signatory’s use.

Interim Appointments. The delegation of authority is to the role listed in this memorandum and shall apply to interim appointments for the duration of such temporary appointment.
